TOURMALINE

COCOONING TREND

Alliance of horizontality and verticality, like a Tourmaline, the fireplace plays on the contrast of sky and earth, cold and heat. The mix between the frame and the base perfectly fits the confrontation.

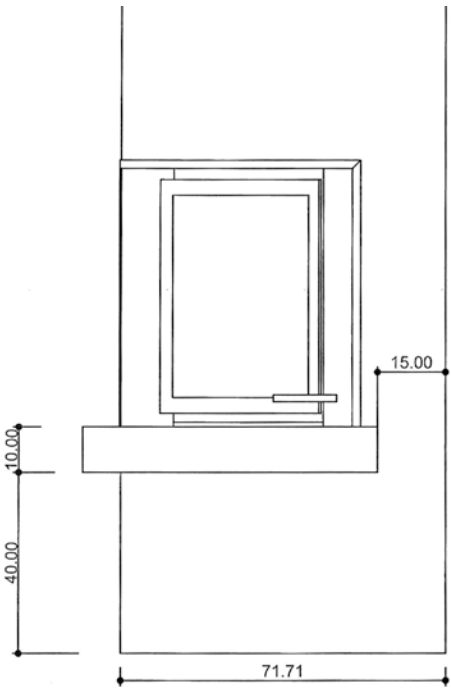

Fireplace description :
Dimensions : L 108 x D 65+15 x H 50 cm
Front fireplace with polished black granit bench. Optional logbox.
Model presented with **VISIO 8 VL** firebox and CM3R18 frame.

CANNELLE

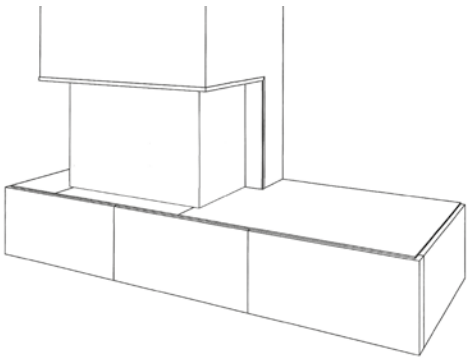

CALM, LUXURY AND PLEASURE

The serenity of its design and the delicacy of the lines underline the modernity of this fireplace. The craftsmanship of noble materials in a contemporary project. The CANNELLE fireplace will create a strong contrast in many interiors.

Fireplace description :

Dimensions : L 213 x D 80 x H 34,5 cm

Single-sided fireplace. The base is made of stone ROMA and the base plate in ceramic Rusty Steel. Model presented with the **FAS 100 3V** firebox and CM3R18 metal frame.

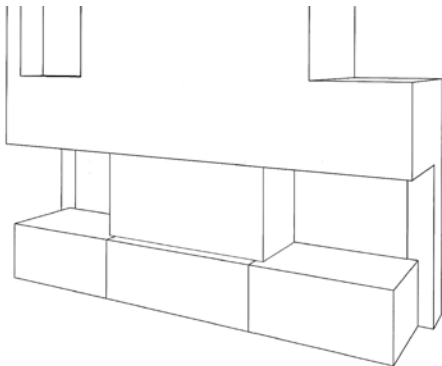

AMARANTE

A GEOMETRY GAME

Association of raw materials, reflections of modernity and a game of perspectives. The AMARANTE fireplace creates contrast by playing with the different volumes of the base and the hood. Recreate a perfect game of geometry in your interior.

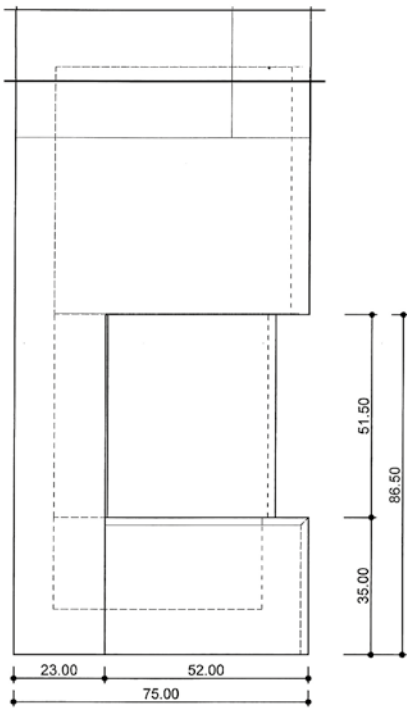

Fireplace description :
Dimensions : L 243,5 x D 52 + 23 x H 86,5 cm
 Front fireplace. Marble Fjord base and ceramic Rusty Steel framework. Model presented with firebox **FAS 120 3V**.

YUZU

A THREE SIDED VIEW FLAME

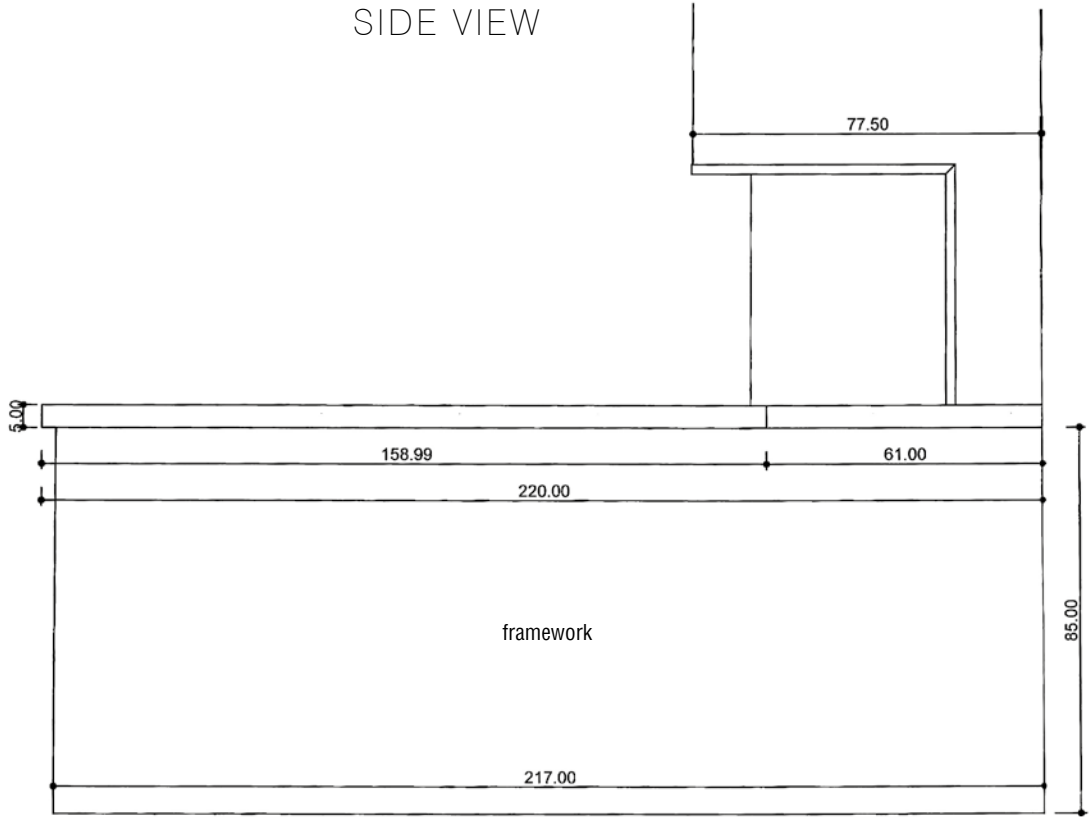

As a true symbol of change, the fireplace is no longer just an element belonging to the living room, but it takes its place at the heart of the house. It can therefore be used as a room divider, between the living room and the kitchen or the living room and the dining room.

Fireplace description :
Dimensions : L220 x D88 x H85 cm
Three-sided fireplace. Smooth concrete ceramic base plate. Model presented with **FAS 80 3V** firebox and CM3R18 metal frame.

FRONT VIEW

BAHIA

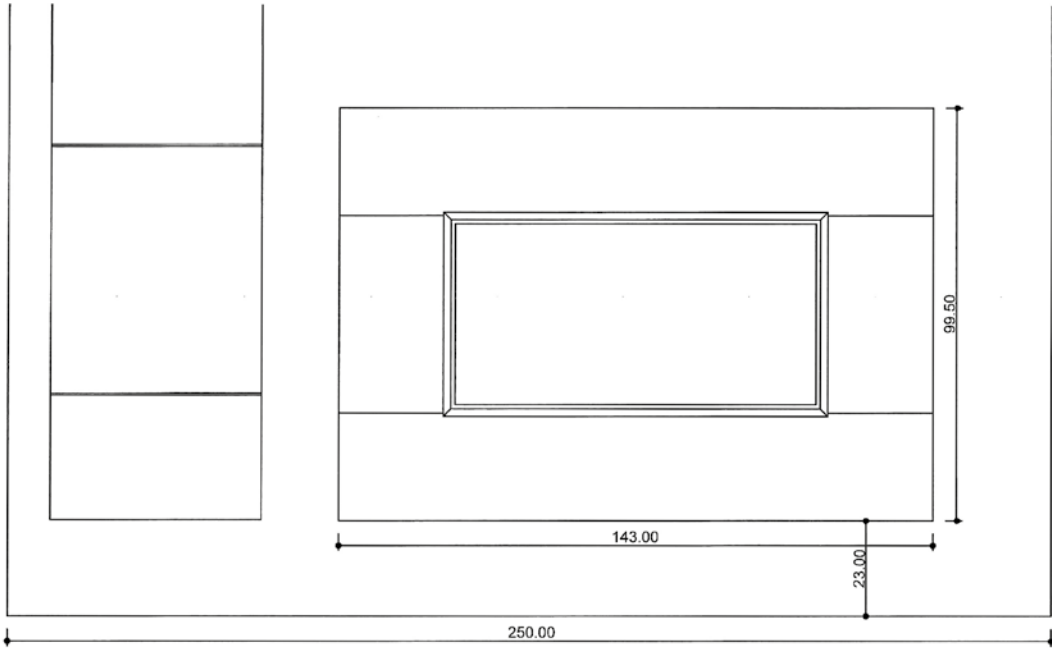

BETWEEN DELICACY AND PURITY

This fireplace is like a classic newly interpreted, simplicity of lines and contemporary material. The frame raises the delicacy of the material of this wood-burning fireplace and the firebox emphasizes the wisdom of the flames.

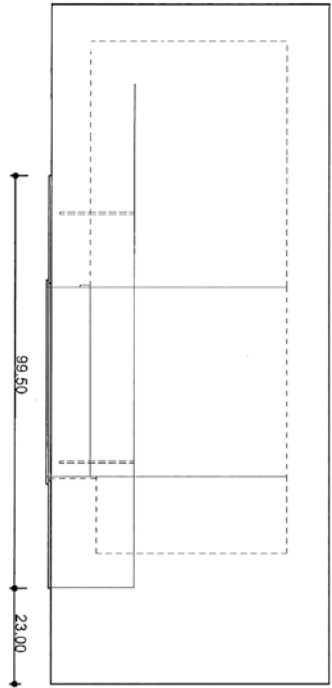

Fireplace description :
Dimensions : L 143 x D 67 x H 99 cm
Single-sided fireplace. Silver coating ceramic and metal frame
CM4R18. Model presented with **FAE 100 SF** firebox.

OOLONG

NATURAL STONE

Natural is quickly coming back, we let raw materials enter our interiors. The interior simply wants to mix with the exterior, thus recreating the same simple lines.

Fireplace description :
Dimensions : L 275 x D 80 x H 40 cm
Corner fireplace. Bench made of polished black granite.
Silver coating ceramic framework.
Model presented with **FAE 120 SF** firebox
and CM3R18 metal frame.

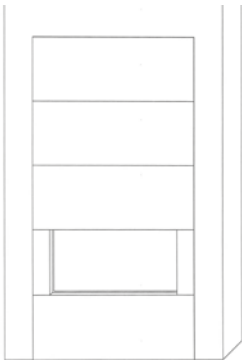

SAFRAN

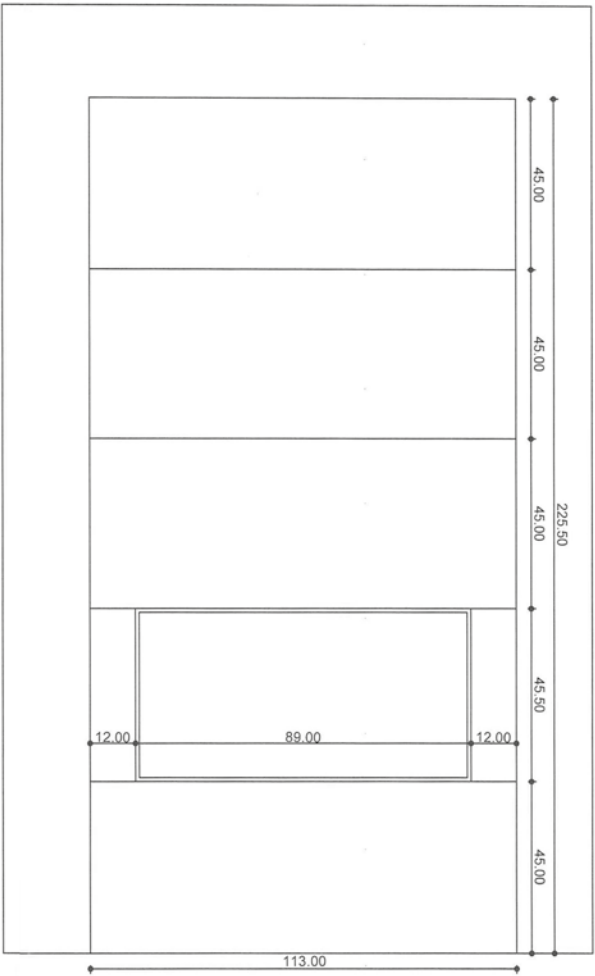

DOUBLE SIDED FIRE

Double fire or double game, everyone choose his own desires and his project. The minimalism of the lines contrasts with the effect of the ceramic. You can imagine a perfect symmetry or even play on both sides.

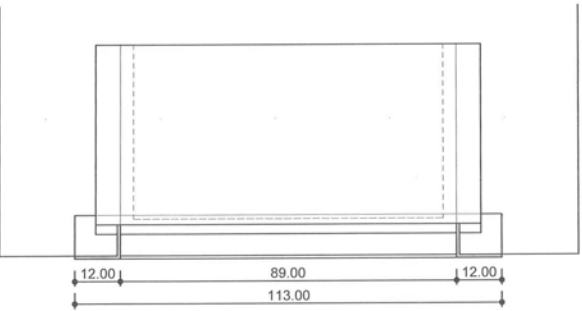

Fireplace description :
Dimensions : L113 x D66 x H225,5 cm
Single-sided fireplace. Made with ceramic Rusty Steel. Model presented with **FAE 100 DF** firebox.
